5. The applicant must reside at the address for which the sign is requested.
6. If off-street parking is available at the address, the application will usually be denied. Council will review each on a case by case basis.
7. A minimum of twenty (20) feet is required for installation of a handicapped parking space.
8. The handicapped parking space requested must be within the on-street property lines of the applicant's residence.
9. Any handicapped parking space must allow for fifteen (15) feet of clearance on either side of a fire hydrant and ten (10) feet of clearance on either side of a mailbox.
